Case Studies

Responsive aid for the vulnerable

When the Helpline Telangana Government PWDs welfare's Response System received a call from Durga Prasad one day, it seemed like relief service as usual. Only, this time, the case was a bit more serious. The Jawaharnagar resident, with six members in the household, was at his wits' end. He runs a pan shop and his wife works at a sweet shop, both the shops are now shut due to the pandemic. The savings and their rations and essentials good were insufficient for the large household. After reaching out to the helpline services Ashray Akruiti team was directed to them. Understanding their hunger Ashray Akruiti provided them and 100 other vulnerable families living in the colony with ration/groceries kit. All the residents were grateful for the services and Durga Prasad added "I acknowledge the excellent support provided by Telangana Government PWDs welfare and Ashray Akruiti team who patiently heard me out, and provided us with essential goods". During the COVID Relief activity, Ms. Swaroopa Rani-officer of the disabled welfare provided her assistance.

Beacon of Hope

A quest for better livelihood is what drives many migrants to the cities. Naresh was no different. Twelve years ago he shifted to Hayathnagar seeking jobs. Being a Post Graduate, he had applied to many government jobs. Failing to find a suitable job, no affordable housing to be had, and with no cash reserves to fall back upon, he settled down to a low-income private job and currently working in an organization on the rights of the disabled. His wife and a child are also with disabilities. In the past few months, the family is facing trouble as Naresh cannot go out of the home to earn money, or to procure essentials, and they are unable to pay rent of the house. He exclaims his happiness by thanking Ashray Akruiti that they came forward in this crisis to distribute all the essentials & supported the vulnerable community.

Towards a safe and secure life for the Visually Impaired

Venkateshwara Rao and his wife are Visually Impaired with two children that are too young. Due to not having a ration card Venkateshwara Rao's family lack ration every month, but this time the crisis was beyond imagination as there was no food for them to eat, and due to some technical issues they were not receiving their disability welfare pension from past six months. He was struggling to run the family without a pension. Earlier he worked as a private contract employee in Gandhi Hospital. He expressed the difficulty of having to take care of the family without any income and is struggling to run the family without a pension. At this juncture, WIPRO FOUNDATION came forward to offer support.

WIPRO FOUNDATION made a difference to both the Persons with Disability

Ashray Akruiti through the data sourced by the Department of Disability welfare, Govt. of Telangana, and with the support offered by "WIPRO FOUNDATION", could access them. Ashray Akruiti's Community Outreach Team reached out to them and delivered essential commodities to the family. They were unable to move outside due to the lockdown imposed by the Govt., & could not purchase groceries due to poor economic background. Venkateshwara Rao's family was overwhelmed with joy when they received kits containing essential commodities from our team. His spouse, Ms. Lakshmi was full of tears in her eyes whilst receiving help from Ashray Akruiti's Community Outreach Team member and appreciated Ashray Akruiti for the timely support. She also expressed that the groceries would be useful for the entire month to feed the family members.

We also stand by them to fulfill their other essential needs.

We thank our donors for their generous support to help us distribute COVID relief kits in the districts of Telangana State and donating money in this poverty-stricken time to 593 needy parents of hearing-impaired. Through their donation, we have been able to accomplish multiple approaches to revitalize and continue working towards COVID-19 Relief Service. We truly made the difference for the vulnerable community, and we are extremely grateful for their thoughtful gesture.
