Covid-19 Relief Services- Dec 2020 & Jan 2021

With the complexity of the ever-changing landscape caused by COVID-19, making a positive impact among the communities has been our main mission. Ashray Akruti Team worked relentlessly towards offering support and providing essential services, such as providing groceries, hygiene products, sanitizers & other Medical Kits to vulnerable groups. Ashray Akruti a Hyderabad-based not-for-profit organization has been working in the disability sector providing quality education to children, Health care, and sustainable livelihoods to persons with disabilities from marginalized sections of Society since 1996.

The insight emerged through the experience accrued and with a focused approach in providing relief services to the defenseless communities. It was observed, that the masses are faced with the impending loss of livelihoods, increased poverty and malnutrition, urban displacement of daily wage earners, migrant laborers, and several other.

India's vaccine rollout ramps up

India has registered the second highest number of COVID-19 cases after the United States. Recently, a few pharmaceutical manufacturing companies have launched the vaccines and are coordinating with the Govt. of India in organizing mass immunization programmes. On January 16, our nation began one of the largest vaccination campaigns in the world. In less than 2 weeks, India has already vaccinated more than 2 million healthcare workers. This program is being executed in a phase wise manner, to combat the virus. As an expression of interest, Ashray Akruti team is willing to offer services by joining hands with active participants in organizing Mass Immunization Programmes and has kept all options open to take it forward.

COVID-19 Relief Impact

In the midst of this inconceivable global crisis, Ashray Akruti team will continue to identify additional opportunities to support those impacted in the communities we serve and will support with awareness raising initiatives during this juncture. This communication effort encourages healthy practices such as hand hygiene, social distancing, breathing etiquette, along with identifying early signs of the disease. We convey our gratitude to all the donors across and many more connected through Social Media for the generous contribution to the deserving community. The COVID-19 relief impact figures at a glance is being presented by Ashray Akruti for your perusal.

Grand total of served recipients		13510	11471

Case Study

Person Name: Mrs Anuradha

Education: SSC

Age: 35

Marital Status: Married

Location: KaravanAnuradha,

Mother of Sushanth, studying in 8th standard in Govt. High School for Deaf & Dumb, Malkpet was finding it challenging to make ends meet. Her husband who worked as a salesman in a cloth store lost his job due to the lockdown. A home maker with two children, a daughter who is normal and a younger son Sushanth, born deaf and dumb, Anuradha was facing a severe financial crisis, as there was no source of income for them and a mental crisis as her husband was under constant pressure of providing for his family.

At this critical juncture, Ashray Akruti stepped in to provide them much needed monthly ration. This saved Anuradha and her family from starvation. Anuradha is immensely grateful to Ashray Akruti for helping her and many others like herself.

Donations in cash and kind from well wishers can go a long way in helping families like Anuradhas tide over the pandemic. And every donor can have the satisfaction of having done a good deed in the time of need.

Donors impacted the lives of Divyangjan

Donors impacted the lives of Divyangjan and other defenseless communities during the months of December'2020 & January' 2021
