

9TH BULLETIN ON COVID-19 RELIEF SERVICES AUG & SEP'2021

Dear Patrons,

As you all know, the pandemic tore through everything we knew and believed to be sound. Although it did not differentiate between the rich and the poor, the aftereffects were far from equal. The economically weaker sections of the society slid further down the ladder. Many families lost jobs while others lost lives with barely any access to medical facilities.

Owing to the fact that we have been working closely with the local communities, we were witness to the daily challenges they were facing. We were fortunate to be able to collaborate with generous donors like you who empowered us to make a difference. Our Covid Relief Service Team worked relentlessly to deliver essentials like food and medical assistance to the needy.

With your help, we were able to provide our immediate community with the requisite medical help, grocery kits and financial assistance.

Listed below are the modes of intervention

- Medical help for Covid +ve patients like online consultations, supply of medicines, masks, sanitisers, oximeters, thermometers.
- Financial assistance to families that have lost their sole wage earner to Covid
- Medical reimbursements for Covid treatment
- Financial aid to Covid patients and families to cope with medical emergencies that may follow, and financial upheaval due to inability to work
- Bereavement counselling
- Support for online education and job training

METHODS OF ASSISTANCE

MONTHLY RECORD OF GROCERY KITS DISTRIBUTION

"Thanks to the ration kits gifted by Ashray Akruti, my family and I did not have to worry about food for one month", said Yadagiri from Sultan Nagar. Aged 55, Yadagiri was born handicapped and is the sole earning member of his family. Such timely intervention ensured many families were fed and looked after.

Your intervention enabled Yadagiri's family to find the silver lining during these trying times.
